

TECHNICAL DATA SHEET

Rust remover Rost-Off Plus

Art. no. 0890 200 004

P. Qty.: 1 / 12

High-quality rust remover, lubricating effect – owing to the latest additive technology (OMC₂ technology)

- High capillary activity
- Optimum creep properties ensure outstanding rust penetration and extensive rust removal
- Contains liquid, highly effective, organic molybdenum compound, OMC₂
- Unlike products containing solid lubricants such as MoS₂, OMC₂ does not settle in larger containers
- Friction is reduced
- Excellent lubricating effect by smoothing the metal surface
- Ensures permanent smooth running of connections
- Corrosion protection additives for optimum protection
- Provides lasting protection against further corrosion
- Resin- and acid-free
- Silicone-free
- Compatible with rubber and plastic

Contents	400 ml
Container	Aerosol can
Min. temperature conditions	-10 °C
Max. temperature conditions	140 °C
Kinematic oil basis viscosity	16 mm ² /s
Chemical basis	Mineral oil
Shelf life from production	24 Month
Acid-free	Yes

Application area

For loosening extremely rusty and oxidised threaded assemblies on cars, trucks, agricultural and construction machinery, aggregates, and devices

Application information

Ideal for loosening tough rusted connections.

TECHNICAL DATA SHEET

Notice

- Immediately remove excess material or splashes on sensitive and painted surfaces.
- Resin- and acid-free
- Silicone-free

The usage instructions are recommendations based on the tests we have conducted and our experience; carry out your own tests before each application. Due to the large number of applications and storage and processing conditions, we do not assume any liability for a specific application result.
